CANADIAN JOURNAL OF ANIMAL SCIENCE

VOLUME 38

June 1958 - December 1958

EDITED BY THE
AGRICULTURAL INSTITUTE OF CANADA
OTTAWA, CANADA

Published semi-annually by the authority of the
Chairman of the National Committee on Agricultural Services

SUBJECT INDEX TO VOLUME 38

PAGE

Ambient air temperature on feed intake of lactacting Holstein-Friesian cows, Influence of ... 148
Ambient air temperature on the respiration rate, heart rate and rectal temperature of lactating Holstein-Friesian cows, Influence of ... 10
Ambient air temperature on water intake of lactating Holstein-Friesian cows, Influence of ... 23
Amino acid content of certain weed seeds, The essential ... 97
Amino acids, vitamins and unidentified factors, *Tricholoma nudum* as a source of ... 122
Bison, Cattalo and Hereford calves, A feedlot study of ... 87
Calcium, phosphorus, and zinc balance in pigs as influenced by the weight of pig and the level of calcium, zinc, and vitamin D in the ration, The ... 109
Dairy calves, Further studies on the protein and energy requirements of young ... 33
Dairy calves without whole milk, Raising ... 103
Dairy cattle on cultivated pasture, Daily strip grazing versus free range grazing of. 133
Dry matter loss and volatile fatty acid production in the artificial rumen as indices of forage quality ... 171
Ewe, Legume-grass silage as a roughage for the pregnant ... 200
Ewes, The influence of protein and energy content of the ration on lamb and wool production of range ... 208
Energy requirements of young dairy calves, Further studies on the protein and ... 33
Factorial experiment, Interpretation of interaction in the analysis of variance of a. 181
Fat on energy consumption and digestion and on nitrogen utilization of weanling rats, Influence of dietary ... 187
Feeding during late pregnancy on lamb and wool production of mature ewes, Effects of certain supplements and methods of ... 91
Feedlot study of Bison, Cattalo and Hereford calves, A ... 87
Flax, hay and straw as feeds for sheep ... 129
Fleece weight to age in three breeds of range sheep, The relationship of clean ... 61
Forage quality, Dry matter loss and volatile fatty acid production in the artificial rumen as indices of ... 171
Frost damage on the nutritional value of wheat, The effects of:
II. Feeding tests on various mill fractions ... 1
Legume-grass silage as a roughage for the pregnant ewe ... 200
Milk yield and milk composition, Influence of temperature on ... 160
Mouse, The requirement for potassium in the diet of the growing ... 145
Nutrient requirements for Canadian Yorkshire swine ... 73
Pasture management studies:
I. Daily strip grazing versus free range grazing of dairy cattle on cultivated pasture ... 133
Pig and the level of calcium, zinc and vitamin D in the ration, The calcium, phosphorus and zinc balance in pigs as influenced by the weight of ... 109
Pig ration by a mixture of whey powder and meat meal, Replacement of skimmilk powder in the baby ... 65
Pigs marketed at 185 and 200 pounds liveweight, The effects of barley and oat finishing rations on rate of gain, feed utilization and carcass quality of ... 73
Plug for reticula-omasal orifice and equipment for saliva collection from fistulated steers, Inflatable ... 84
Potassium in the diet of the growing mouse, The requirement for ... 145
Protein and energy content of the ration on lamb and wool production of range ewes, Influence of ... 208

PAGE

Protein and energy requirements of young dairy calves, Further studies on the.... 33
Rats, Influence of dietary fat on energy consumption and digestion and on nitrogen utilization of weanling..... 187
Refuse screenings, Studies on the nutritive value of:
I. The essential amino acid content of certain weed seeds..... 97
Refuse screenings with a high stinkweed (*Thlaspi arvense* L.) content to fattening cattle, The effects on the odour and flavour of the meat of feeding..... 48
Rumen as indices of forage quality, Dry matter loss and volatile fatty acid production in the artificial..... 171
Saliva collection from fistulated steers, Inflatable plug for reticulo-omasal orifice and equipment for..... 84
Sheep as affected by the administration of certain sex hormones, Wool growth in.. 38
Sheep, Flax, hay and straw as feeds for..... 129
Sheep ked, *Melophagus ovinus* (L.), Annual cycles in numbers of the..... 194
Sheep, Shearling and second-year clean fleece weights as an index of wool production in three breeds of range..... 53
Sheep, The relationship of clean fleece weight to age in three breeds of range..... 61
Skimmilk powder in the baby pig ration by a mixture of whey powder and meat meal, Replacement of..... 65
Swine, Nutrient requirements for Canadian Yorkshire:
II. The effects of barley and oat finishing rations on rate of gain, feed utilization and carcass quality of pigs marketed at 185 and 200 pounds liveweight.... 73
Temperatures on farm animals, Effects of low fluctuating:
I. Influence of ambient air temperature on the respiration rate, heart rate, and rectal temperature of lactating Holstein-Friesian cows..... 10
II. Influence of ambient air temperature on water intake of lactating Holstein-Friesian cows..... 23
III. Influence of ambient air temperature on feed intake of lactating Holstein-Friesian cows..... 148
IV. Influence of temperature on milk yield and milk composition..... 160
Tricholoma nudum as a source of amino acids, vitamins and unidentified factors... 122
Turkey starting ration, The sparing effect of wheat on the need for protein concentrates in a..... 118
Wheat, The effects of frost damage on the nutritional value of:
II. Feeding tests on various mill fractions..... 1
Wool growth in sheep as affected by the administration of certain sex hormones... 38
Wool production in three breeds of range sheep, Shearling and second-year clean fleece weights as an index of..... 53
Wool production of mature ewes, Effects of certain supplements and methods of feeding during late pregnancy on lamb and..... 91
Wool production of range ewes, Influence of protein and energy content of the ration on lamb and..... 208
